

IHLA WIKISPACES SESSION

Technology-based session on setting up
and using wikis.

About IHLA:

www.ihla.ca

About wikispaces

<http://www.wikispaces.com>

Session Offered on
August 25, 2011

Summary

This session is meant to offer simple steps to set up a wiki and offer participants the opportunity to create an entire unit plan online. Participants will have time to create a wikispace, work collaboratively, upload activities for all language skills and be ready to use the wiki for their language classes.

Participants

All members of IHLA schools in good standing and/or teachers of second languages can register to the session. Registrations are online only.

Timeline

The time commitment to participate in the session:

- The session will take place on **August 25, 2011 from 6:00 to 9:30 p.m.**
- Location (a computer lab in Edmonton) to be determined.

Tasks

Tasks of the project include:

- Bring with you activities and ideas to complete a simple short unit in your classes.
- You should have a gmail account or other personal email account.
- Bring activities in digital format (or ideas to make them)

Gains

What do I gain from participating in this workshop?

This is one of a series of technology sessions that will be offered during the 2011-2012 school year. Using technologies in the language classroom is becoming a need to meet the 21st century learner. A certificate of participation to the professional development session will be issued to all participating.
